- Electronic regulation
- Thermometer with white digital display
- White LED lights with switch button
- Humidity control: natural (hygrodynamy concept)
- 1 reversible plain door with lock

SAFETY AND ENERGY SAVING
Equipped with a solid, reversible door with lock, the CTPNE120E aging cellar effectively protects your wines from light and UV rays. Its interior LED lighting enhances your bottles once the door is open and highlights your finest vintages. This secure wine cabinet also benefits from minimal energy consumption of 90 kWh/year (energy class E).

TO THE NEAREST DEGREE
Keep your wines for years to taste them at their peak. The CTPNE120E aging cellar reproduces the storage conditions of a natural cellar: Temperature controlled by an electronic thermometer for adjustment to the nearest degree; Filtration and aeration system (active carbon filter); Hygrometry controlled between 50 and 80%; Protection against light and anti-vibration system guarantee the good aging of your bottles. Equipped with a Winter function, the cellar ensures that the set temperature is maintained even if the ambient temperature drops.

OPTIMIZED STORAGE
Store your wines on its wooden shelves; ergonomic, they are specially designed to hold your 75 cl Bordeaux-type wine bottles; removable they adapt to your needs.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.
This equipment is designed to be used in an ambient temperature between 16°C-38°C.
This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 4 shelves. Adding shelves reduce considerably the total capacity.
**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.
