Number of zones : 2
Adjustable temperature range : 5-20°C
Noise level : 37dB
Energy class : G
Climate class : ST (16-38)
Vinotag compatible : Yes
Wifi connection : yes

Product description

This wine cellar is designed to simplify your setup and elevate your bottles. Specifically crafted to **harmoniously align alongside a column featuring a 60 cm oven and a 45 cm microwave**, it ensures aesthetic continuity and perfect integration into your kitchen. Its **self-ventilation system** eliminates the need for high and low ventilation grills in your cabinetry.

From a design perspective, the **adjustable lighting** offers a true customization experience: choose from three refined tones (warm white, cool white, and amber) and set the intensity to 25%, 50%, 75%, or 100%, depending on the desired ambiance.

Additionally, **telescopic rail** shelves provide smooth and secure access, a **reversible door** allows for flexible installation, and **smart connectivity** lets you remotely control the temperature, lighting, and alarms.

This is more than just a wine cellar: it is the perfect fusion of technology, comfort, and sophistication, ensuring your wines are stored and displayed to meet your highest standards.

FRONT VENTILATION SYSTEM

Easy installation no longer requiring high and low column ventilation

REMOTE CONTROL

Thanks to a wifi connection manage remotely temperature and lighting

ELECTRONIC PUSH PULL

Easy to open without a handle. Door reversible upon installation

DIMMABLE LED LIGHTING

A choice of 3 colors available AMBER / WARM WHITE / COOL WHITE Adjustable intensity
