Number of zones : 3
Adjustable temperature range : 5-20°C
Noise level : 39dB
Energy class : G
Climate class : ST (16-38)
Vinotag compatible : Yes
Wifi connection : yes

Product description

This wine cellar is designed to simplify your setup and enhance your bottles. Its **self-ventilation system** eliminates the need for high and low ventilation grills in your cabinetry, ensuring an aesthetically pleasing integration without compromising performance.

On the design side, the **adjustable lighting** offers a true customization experience: choose between three refined tones (warm white, cool white, and amber) to highlight your bottles, and adjust the light intensity to 25%, 50%, 75%, or 100%, depending on the desired ambiance.

In addition, **telescopic rail** shelves provide smooth and secure access, a **reversible door** allows for adaptable installation, and **smart connectivity** enables remote control of temperature, lighting, and alarms.

This is much more than a wine cellar: it is the perfect blend of technology, comfort, and sophistication, ensuring your wines are stored and displayed to meet your highest expectations.

FRONT VENTILATION SYSTEM

Easy installation no longer requiring high and low column ventilation

REMOTE CONTROL

Thanks to a wifi connection manage remotely temperature and lighting

ELECTRONIC PUSH PULL

Easy to open without a handle. Door reversible upon installation

DIMMABLE LED LIGHTING

A choice of 3 colors available AMBER / WARM WHITE / COOL WHITE Adjustable intensity
