

CLIMADIFF

CUVEE28

Wine Cellar service

Freestanding

GENERAL INFORMATION

Energy class : E

Product description

The pleasure of tasting
Bring the wine to the ideal tasting temperature to fully savor all its aromas. The CUVEE28 hybrid service cellar is an aesthetic and space-saving solution to ensure intense tasting moments. Its compact format allows the temperature setting of 28 bottles.

The discretion of the service
Thanks to fanless hybrid technology, the CUVEE28 cabinet has a low noise level of 29 decibels. Discreet, the cellar is suitable for use as a living room.

Timeless and modern
The CUVEE28 cellar has a glass door with exterior control panel, flat hinge and integrated handle. Its minimalist aesthetic and the black color make it timeless. The interior fittings in steel wire shelves with wooden pediments ensure air circulation and allow optimal maintenance

LOW NOISE LEVEL
Experience tranquility with our silent wine cellar and install safely your collection at your living space

LED LIGHT
LED lighting highlights the wine without harming it or disturbing its storage

WIRE SHELF
Robust and easy to maintain, they allow easy storage

INTEGRATED HANDLE
For a discreet and seamless design
